## Description

Cristallo is a completely automatic vending machine with high performance, designed to ensure the best quality espresso and to reduce maintenance and service. Technologically advanced and extremely user-friendly, it offers up to 16 different beverages.

It is equipped with the new Saeco TwinTasteTech brewing unit that allows the dispensing of both paperless fresh brew coffee and espresso coffee without any software or mechanical presetting. The product can be selected by simply pressing a button on the direct access keypad.

Large locations will get the most benefit from the Cristallo.
